

*A ready-to-use professional deodorizer. It attracts and destroys obnoxious odors found in and caused by; sewage, animal odor, fire/smoke clean ups, liquid and solid waste storage facilities and storage areas for produce, meat, fish, shellfish, or any where odor can carry over to other products and environment. Dissolve and oxidizes molecular air dispersions of odorous materials such as Hydrogen Sulfide, Triethamine Ammonia, Benzlamine Methane, Formaldehyde, Methyl Sulfide, Thimomolic Acid Aliphatic Amines, Phenyl Acety-Chlorothi-
oppenol Dimethyl Sulfoxide.*

Where To Use

Hotels	Restaurants	Garbage Trucks	Office Buildings
Hospitals	Health Clubs	Fishing Fleets	Storage Facilities
Pet Areas	Locker Rooms	Nursing Homes	Dumpster Areas

Dilution

As is

Directions

Use Counter Act full strength in either pistol type hand sprayers or motor driven fogging and misting device with plastic or stainless steel supply tanks. As an area deodorizer spray until odor disappears, spraying 5-10 seconds of each 1500 cu. ft. With a fogging device, set to run for 1-2 minutes each hour. To remove odor from carpet, spray on directly, do not saturate. With odiferous liquid system add 1 gallon of Counter Act for every 1000 gallons of liquid. For deodorizing sludge waste piles or land fills, spray until surface is saturated and repeat upon recurrence of odor.

Technical Specifications

COLOR: Transparent	VISCOSITY: Water thin
FORM: Liquid	STORAGE(Unopened): 1 Year @R.T.
SCENT: Odorless	BIODEGRADABLE: ..N/A
pH: 8.8	WEIGHT/GAL:8.3 lbs.
FLASH POINT... None	SHIPPING CLASS:None
FOAM: None	PACKAGING:12x32 oz.,4x1, 5gal
TYPE: Malodor Counteractant	55 gal
