

# Enzymatic Floor Cleaner

E2107

An enzyme producing bacterial liquid floor cleaner and a great product for cleaning and deodorizing restroom floors. This product can be used on ceramic tile, grout, quarry tile, concrete, brick and rubber mats. This product can be mopped down or used with a floor machine. This enzyme producing bacterial liquid continues to clean long after it is applied.

## Where To Use

Restrooms                      Kitchen Floors  
Locker Rooms                Areas requiring odor control  
Port-A-Toilets

## Dilution

Damp mop 1 ounce per gallon 1/128  
Light duty 2 ounces per gallon 1/64  
Medium duty 4 ounces per gallon 1/32  
Heavy-duty 8 ounces per gallon 1/16

## Directions

Dust mop floor prior to cleaning. Remove any gum or other foreign materials. Dilute product according to chart above. Apply product by mop, sponge, sprayer or auto-scrubber to surfaces to be cleaned. If necessary, use floor machine to agitate to help remove excessive soils.
