

A fresh, clean scented, ready-to-use cationic fabric softener with bacteriostatic properties. It reduces static electricity, fluffs fabrics, makes ironing easier and has extra whitening. Speeds up water extraction, drying and minimizes flat work rolling. Use in the final rinse at any temperature. Phosphate free formulation.

Where To Use

Institutional Laundry Operations Linen Supply Companies
Nursing Homes
Hospitals
Hotels

Dilution and Directions

Use one to two ounces of product per 100 pounds of laundry. Usage rates are affected by soil level, water conditions, and laundry procedures and equipment. Your qualified service representative will provide you with the actual usage rate.
