

Ammonia

All-Purpose Ammonia Cleaner

Food Service

Description

This is an industrial strength, water soluble, multi-purpose cleaner that incorporates advanced concepts in chemical soil removal. It will effectively remove a wide variety of soils common to industrial, institutional, household, and commercial facilities. This product can be used to remove dirt and oily soils and stains from all types of hard surfaces such as floors, countertops, fixtures, bath areas, glass, and many other hard surfaces not harmed by water. This product can be used as a deodorant, sweetener, and water softener as well as a superior cleaner. Care should be taken not to mix this product with chlorine type bleaches or other household or industrial chemicals. Vapors and over exposure to this chemical should be avoided at all times.

Directions for Use

For general applications use 1 to 2 ounces per gallon of water. Spray, wipe, or mop on to clean hard surfaces. Rinse if desired.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.
