

BREAKTHRU™ 002 Green Liquid Dish Detergent

BT002

A high sudsing, neutral, manual ware wash detergent that is extremely effective on all types of grease, food residue, stubborn lipstick and more. It is highly concentrated so a little goes a long way. Gentle on hands, phosphate free and Kosher approved.

Where To Use

Hospitals	Supermarkets
Restaurants	Delicatessens
Institutional Ware Washing	Hotel Food service
Schools	Nursing Home Food Service

Dilution

1 oz to 2-4 gallons of water

Directions

DISHES, GLASSES, FLATWARE: Use 1 oz. Breakthru™ 002 Green Liquid Detergent for every 2 gallons of water. Wash and rinse. No toweling necessary.

POT & PANS: Use 1 oz. Breakthru™ 002 Green Liquid Detergent for every 2 gallons of hot water. If pots and pan are encrusted, put ½ oz. Breakthru 002 Green Liquid Detergent in and allow to soak for a few minutes.

NOTE: Above dilutions are based on average conditions. Experience in using Breakthru™ 002 Green Liquid Detergent should determine best dilutions for specific uses.

SET UP: Following product label directions, put correct amount of detergent in WASH sink. Run hot water (110-120°F) over detergent to reach fill line.

TO WASH: Scrape excess soil from ware. Soak ware in WASH sink to loosen soil. After soaking, scrub all surfaces well. Momentarily hold ware above sink and allow excess detergent water to drain from ware.

SET UP: Fill RINSE sink with clear, hot water. Drain and refill as necessary to keep water clear.

TO RINSE: Fully immerse ware in clear, hot water in RINSE sink. Momentarily hold ware above sink to allow excess rinse water to drain from ware.

SET UP: Fill SANITIZER sink with lukewarm water (90°F). Carefully following product label instructions, add sanitizer to water.

TO SANITIZE: Use Dical-2™, Syn Quat 10 or Blend Rite Syn Quat final rinse sanitizers. Fully immerse ware in sanitizing solution for at least one minute. Remove ware from SANITIZE sink and invert to drain and air dry. Do not wipe dry.

Technical Specifications

COLOR: Green	VISCOSITY: High
