

A premium quality, pleasantly scented liquid hand dish detergent that cuts grease and grime while being mild on the hands. Lifts tough stains off dishes and pots and pans. Super concentrated so a little goes a long way.

Where To Use

Hospitals	Restaurants	Institutional Kitchens
Schools	Super Markets	Diners
Delicatessens		

Dilution

1/4 - 1/2 oz./Gallon of water

Directions

Use 1/4 - 1/2 ounce per gallon of dish water depending on soil load. Begin by running faucet with warm water. As water is flowing in, add enough detergent to get a good foam level. Begin by washing glasses, flatware and dishes. Finish up with pots and pans. Rinse all wares and utensils thoroughly with fresh water.
