

Deep Down Clean

Enzymatic Floor Cleaner

Bio-Enzyme

Description

A revolutionary enzymatic floor cleaner for commercial kitchens. Deep Down Clean is a 3 in 1 product that will save you money and improve your kitchens appearance immediately and it will continue to work around the clock. This product is formulated with patented enzymes that will devour any oils or greases left behind by other floor cleaners. Deep Down Clean increases traction therefore helping reduce slip and fall accidents. Deep Down Clean will devour all the oils and greases deep down in the crevices and pours of your floors. After normal cleanings and mopping pour your dirty mop water down your floor drains. Deep Down Clean will still keep working deep down in your drains to eliminate grease build up and malodors in your drains.

Directions for Use

Kitchen Floors: Mix 4 ounces of product with one gallon of water to remove oil, grease and grime.

Bathrooms and walls: pour Deep Down Clean on sponge or cloth to clean the whole bathroom or pour into toilet bowl to clean and deodorize.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- Enzymes devours oils and grease left on floor
- Helps increase traction and reduce falls
- Attacks the source of foul odors
- Keeps drain lines clear when mop water is poured down the drains
- Concentrated and Economical
