

**Carpet Care**

# Free Rinse Pro

**Carpet Rinsing Agent**

## *Description*

One of the most important steps in carpet cleaning is rinsing away detergent and alkali residues after the cleaning process is complete. To guard against rapid re-soiling and to leave carpets feeling soft to the touch as well as adding a luxurious sheen, carpets should be rinsed with a solution of Free Rinse Pro. This specialized formula can also be used to prevent browning when highly alkaline cleaning solutions have been used. Free Rinse Pro is also highly effective as an acid spotter and to clean light colored fringes and edges on rugs or as a urine stain remover. Use this product where zero residue is desired.

## *Directions for Use*

For use in a truck mount, mix 1 quart into 5 gallons of water, set meter at 2 gallons per hour. For portable units, mix 1 to 2 ounces per gallon of water. For use as a spray rinse, mix 4 to 6 ounces per gallon; apply at the rate of 200-500 square feet; rake into carpet. For urine stains, dilute 6 to 8 ounces per gallon; saturate and allow to dwell for 15 minutes, then extract.

## *Safety Cautions*

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

## *Features & Benefits*

- Removes soil and residue also neutralizes alkalinity
- Helps stabilize dyes, inhibits browning and color bleeding
- Can be used as a spotter for urine and tannin stains
- Pleasant scent, no vinegar odor
- Guards against re-soiling
- Leaves carpets feeling soft to the touch

## *Specifications*

Appearance:	Clear Liquid
