

# D-Cide

## Concentrated Odor Eliminator

## Odor Control

### Description

D-Cide utilizes the latest technology in odor elimination; it neutralizes odors on contact by binding, bonding, encapsulating, and absorbing a complete range of odors caused by animals, humans, mold & mildew, smoke, urine, feces, decaying organic matter, vomit, putrefaction, and much more. D-Cide can be used to effectively treat odors on any water safe surface including carpet, draperies, upholstery, mattresses, and many more. D-Cide can be added to any cleaning solution to “freshen up” while cleaning, leaving a nice fresh and clean smell behind.

### Directions for Use

Locate the source of the odor and prepare a solution of 1:16 (8oz per gallon), 1 part D-Cide to 16 parts water and saturate the contaminated area where the odor may have migrated. Allow to dwell at least 10 minutes, preferably allowing to dry before cleaning. If cleaning must be done at time of treatment, apply D-Cide to the dry carpet prior to any cleaning and remoisten surface fibers with D-Cide after the cleaning. **General Malodor of Carpet, Pet Accidents:** Dilute 1:32 (4oz per gallon) and spray the surface evenly, allowing to dry before using. **Upholstery and Mattress Treatment:** Dilute 1:21 (6oz per gallon) and mist the surface of fabric and brush gently, allowing to dry before use. **General Cleaning Solution:** Add 2 ounces per gallon of cleaning solution and proceed with normal cleaning to eliminate odors.

### Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

### Features & Benefits

- Permanently eliminates the odor through absorption, modification, pairing, and encapsulation
- Effective against the most severe types of odors
- Contains no oxidizers, enzymes, or desensitizers
- Compatible with all detergents including germicides
- Nontoxic, Nonirritating and totally Biodegradable

### Specifications

Appearance:	Light Amber Liquid
Odor:	Pleasant
PH	7
Specific Gravity:	0.96
Biodegradable:	Yes

### Dilution

Deodorize.....	1:16 (8 ounces / gallon)
Carpet / Pet Accidents.....	1:32 (4 ounces / gallon)
Upholstery/Mattresses.....	1:21 (6 ounces / gallon)
Add to Cleaning Solution.....	1:64 (2 ounces / gallon)

### Available Sizes

- Case/ 12x1 quart: Item # 72702
- Case/ 4x1 gallon: Item # 72704
- Pail/ 5 gallon: Item # 72705
