

Red Hot Stripper

55% Active Finish Liquefier

Hard Floor Care

Description

A 55% active speed stripper that easily cuts through multi-layers of burnished floor finish. Red Hot Stripper is our fastest working finish liquefier. This product is designed to remove layers of floor finish in less time, with less effort, and no rinsing. In many applications, the entire stripping process can be completed without the use of a floor machine and pad.

Directions for Use

Mop/Wet Vacuum Stripping System: Dilute in cold or mildly warm water from one part product to 2 parts water for heavily built-up or highly burnished finishes, to one part product to five parts water for normal build up. Apply liberally with a mop to an area small enough so as not to allow the product to dry and allow standing for 3 to 5 minutes. Agitate with a mop and remove solution and old finish with a wet vacuum. Allow floor to dry thoroughly and apply new finish as directed by manufacturer. If complete stripping is not accomplished repeat above procedure before re-application of new finish.

Floor Machine Stripping System: Dilute and apply product as above using a dilution of 1 part product to 16 parts water varying according to build-up conditions. Product may be applied with a mop or Automatic Scrubber. Allow to stand for 3 to 5 minutes, scrub with a rotary floor machine or automatic scrubber equipped with stripping pads. Remove solution and old finish with a wet vacuum and allow floor to dry completely. If desired, a rinsing step can be added. Apply new finish per manufactures recommendation.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- 55% Active / High use dilution for greater economy
- Works in all types of water, regardless of hardness
- Low foaming makes pickup easy
- No rinsing required
- No floor scrubber required

Specifications

Appearance:	Yellow Liquid
Odor:	Butyl
PH	11 - 12
Specific Gravity:	0.97
Detergency:	Excellent

Dilution / Coverage

Floor Scrubber.....	1:16
Normal build-up.....	1:5
Heavy build-up.....	1:2

Available Sizes

- Case/ 4x1 gallon: Item # 365004
- Pail/ 5 gallon: Item # 365005
- Drum/ 55 gallon: Item # 365006
